College of Agriculture,
Poona, December 10,1946.

To

The Director of Agriculture,
B.P., Poona.

During the course of my interview with the Hon'ble Minister for Agriculture and Forests, I requested that early action should be taken to relieve Rao Saheb H.M. Desai so as to enable him to take up his appointment as Principal, College of Agriculture, Dharwar. The Hon'ble Minister instructed me to request you to move Government in the matter at a very early date. It is also necessary that Mr. A.M.Chaudhari, Assistant Professor of Agriculture should be appointed Professor of Agriculture, College of Agriculture, Poona, when Rao Saheb Desai is transferred to Dharwar, so that the teaching work at the College should not suffer.

In connection with the establishment of the new Agricultural College at Dharwar, formal orders re the appointment & the staff for preliminary work in the establishment & the college have not yet been issued so far as I am aware - been issued. It is essential, however, that the orders re the deputation of the undernoted staff for this work should issue at once - in advance of formal orders, if necessary :-

(1) R.S. H.M. Deoras
(2) Mr. Bhashyam
(3) Mr. Narayan

The D & A may be instructed to deal with the staff mentioned at (1) above and I would like to know what the position is with regard to (2) & (3) who are with C.S.D. and the Medical Dept respectively.

I discussed with H.M (Agri) who agreed that these officers must be deputed at once as otherwise there may be difficulty when the next Investigation Committee from the Imperial visits Dharwar to report on progress made towards the establishment of the College

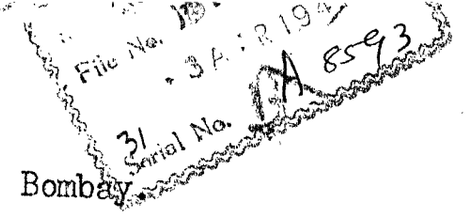
Urgent. Letter.



To

The Secretary to Government,
Reconstruction Department, Bombay.

No.S-50-Z of 1947. Poona, 2 April, 1947.

Subject:- Agricultural College, Dharwar.
Appointment of staff for

Reference Government Resolution, Reconstruction Department, No.1014, dated 10th February 1947.

As per orders contained in the above Government Resolution, Rao Saheb H.M.Desai, Professor of Agriculture, College of Agriculture, Poona, has been appointed as Principal, Agricultural College, Dharwar, in Class I of the B.A.S., but the date from which he is appointed has not been stated in the Government Resolution. Rao Saheb Desai has actually joined duties as Principal, Agricultural College, Dharwar, on 4th January 1947 before office hours as reported under this office letter No.S-50-Z, dated 24th January 1947. The Accountant General, Bombay, has asked Rao Saheb Desai to quote Government orders regarding his appointment as Principal, Agricultural College, Dharwar from 4-1-1947, and pending receipt of this information, he has issued the pay slip of Rao Saheb Desai from 10-2-1947, i.e. the date of Government orders. In view of the preliminary arrangements in connection with starting of the Agricultural College at Dharwar, Rao Saheb Desai was asked to take charge of the post of Principal, Agricultural College, Dharwar, immediately, and accordingly, he resumed duties on 4-1-1947.

Rao Saheb Desai handed over the charge of the post of Professor of Agriculture, Agricultural College, Poona, on 2nd January 1947 before office hours and joined duties as Principal, Agricultural College, Dharwar, on 4-1-1947 before office hours. He would, therefore, draw the pay of the period of 2 days of joining time at the rate at which he was drawing pay as Professor of Agriculture, Agricultural College, Poona.

I, therefore, request that Government may be moved to sanction the appointment of Rao Saheb Desai as Principal, Agricultural College, Dharwar, from 4-1-1947, and modify the orders issued in the Government Resolution, Reconstruction Department, No.1014, dated 10-2-1947, accordingly, as early as possible.

Since the date on which the post of the Principal, Agrl. College, Dharwar was created and R.S. Desai appointed to it, has not been specified, in G.R., R.C.D. No.1014, dated 10-2-47, it will have to be taken for granted that the post was created with effect from 10.2.47. R.S. Desai cannot therefore be appointed to the post, which as things stand at present, was created on 10.2.47, even though R.S. Desai actually joined duties as Principal, Agrl. College, Dharwar on 4.1.47. The post of the Principal will have therefore, to be created in the first instance with effect from 4.1.47 before R.S. Desai can be appointed to it. The position mentioned above has not been brought out clearly, in the draft orders, proposed by the R.C.D. Para.2 of the draft-orders will have to be substituted by the following para. If approved, the R.C.D. may be advised accordingly

Received and discussed by me.

" Para.2. of the draft orders:— In modification of the orders issued in G.R., R.C.D. No.1014, dated 10.2.47 in so far as they relate to the creation of the post of the Principal Agrl. College, Dharwar and R.S. Desai's appointment thereto, Govt. is pleased to direct that the post of the Principal Agrl. College, Dharwar in the scale of Rs 300-25-420 E.B.-30-600 E.B.-40-900, should be created with effect from 4.1.47 and R.S. Desai appointed to it, from that date".

I had advertised the post of Lecturer in Botany at the College of Agriculture, Dharwar, and nine applications have been received from candidates, of whom one candidate (Mr. S.N.Murthi) does not have a domicile in this Province. This candidate, who is at present employed as Professor of Botany at the Lingaraj College, Belgaum, is, however, most suited for the post of Lecturer in Botany, College of Agriculture, Dharwar, and I would have appointed him to the latter post but for his domicile. I would request you to be so good as to move Government to allow me to appoint Mr. S.N.Murthi, who is not a domicile of this Province, to the post of Lecturer in Botany, College of Agriculture, Dharwar, in the grade of Rs. 180-10-270. With regard to the question of filling in the post of Professor of Agricultural Chemistry at the Agricultural College, Dharwar (reference para 1 of Government Letter, Reconstruction Department, No.1014/23510-A dated 10-2-1947), the Principal, Agricultural College, Poona, who was consulted in the matter reports to me that there is a prospect of Dr.N.Narayana (who is on deputation to the Medical Department and at present working as a Lecturer in Biochemistry at the B.J.Medical College, Poona, and who has already applied to Government for his reversion to the Agricultural Department) being permitted to revert to the Agricultural Department, in that event he could be appointed to the post of Professor of Agricultural Chemistry at the College of Agriculture, Dharwar. It has already been decided to appoint Mr. M.A. Shama Iyengar, Land Improvement Investigator, to the post of Prof. of Agrl. Chemistry at the Agrl College, Dharwar, in Class II of the B.A.S. for a period of 4 months in the first instance as the Health and Local Govt. Deptt. intimated that there was no likelihood of Dr. Narayanna reverting to the Agrl. Deptt. till June 1947 and this too was not a certainty. The Dir. of Agr. has already been asked to instruct Mr. Shama Iyengar to take charge of the post of Prof. of Agrl. Chemistry at the Agrl. The post cannot be kept vacant till Mr. Narayana reverts to the Agrl. Deptt. which will not be earlier than the end of June 1947. The Dir's present proposal cannot therefore be agreed to for the present and hence Mr. Iyengar's appointment.

Office of the Soil Physicist to Govt.
-Sholapur.
D.O. No. 6/15 of 1947.
Sholapur, April 30th, 1947.

Dear Mr Mascarenhas,

I hope you are aware that Mr. M.A.S.Iyengar, Land Improvement Investigator, Sholapur has been telegraphically and as per letter No. 1014/ 9152 -A of 24th April, from the Government of Bombay, Reconstruction Department,

" instructed to take charge of the post of the Professor of Agricultural Chemistry at the Agricultural College, Dharwar, with effect from 1st May 1947."

and as per orders, I have allowed him to report himself to duty at Dharwar, in addition to his own duties.

You will kindly note that from this order, it is not clear whether Mr. Iyengar has been wholly transfered to Dharwar or if he is to be the Professor there, in addition to his own duties as Land Improvement Investigator.

On this subject I have to acquaint you with one or two points of importance.

The first is that, be it a transfer or extra duty, I am anxious to presume that this is a purely temporary arrangement for a month or two and that Mr. Iyengar will become wholly available to research after that, as I can ill afford to lose him, particularly at this stage of our work and the developments impending in the near future.

Secondly, this is a time of the year when important items of work regarding Soil Erosion Research are on, such as,

i. Selection of sites for the 3 centres for field experimentation on "Soil Fertility as affected by bunding" and field studies on Soil Permeability and Soil Erodibility, apart from the laboratory work,
ii. Land acquisition, planning and lay out of such work,
iii. A study of the data collected during the Soil Conservation Survey work in the several districts, undertaken from January to April this year and
iv. The writing up of the Annual Report of the Land Improvement Research Section due to be submitted by 15th June.

And I deem it essential that Mr. Iyengar has got to be very closely associated with and responsible for these items of work which he will be unable to do were he to be transfered as Professor only, as the College will not bear his Travelling Expenses for visiting these centres as necessary and there will be formal difficulties in his leaving Dharwar for this work.

Thirdly, I have convinced myself that such a transfer, temporary, will cause considerable inconvenience and monetary loss to Mr. Iyengar, compelling him to rent out a house at Dharwar as also retain the one at Sholapur, so that it may be available to him on his return a month or two later. In addition, as only a Professor, he will not be entitled to draw his usual Conveyance Allowance either, though he will have to maintain the conveyance during these months.

Therefore, I have to request you in the interests of work and Mr.Iyengar too, to kindly arrange that Mr.Iyengar may hold the Professor's post in addition to his duties as Land Improvement Investigator, with his Head Quarters at Dharwar temporarily, and to grant My. Iyengar a reasonable allowance for the extra duties.

With the Supervisor, Strip Cropping Research, away in America and now, if the Land Improvement Investigator too goes out as whole time Professor, it will strain the Land Improvement Research unduly.

I have therefore to request that early orders to the effect may kindly be passed, clarifying the position to enable the Land Improvement Research work to proceed without interruption.

I am however unable to close this letter without expressing my satisfaction on seeing from the papers that Government have at last accepted the creation of this new and important Department of Agricultural Engineering as envisaged by you and further have placed it under your own direction.

With kind regards,

Yours Sincerely

W.X.Mascarenhas.,Esqr.,

I can not see how Mr. Iyengar can perform the duties of Land Improvement Investigator in addition to his duties as Prof of Agric. Chemistry. I can not sanction such a proposal. The Dir. of Agri (Research & Education) may, however, see these papers and for remarks. Mrs. Iyengar's appointment as Prof. of Agricultural Chemistry is a temporary measure & it is not contemplated to take him away permanently from his post in A. O. Section.

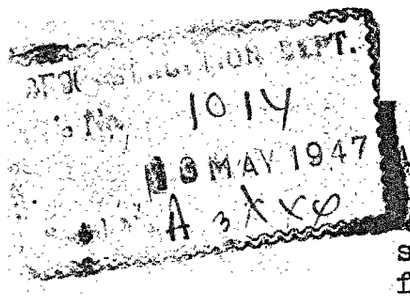
College of Agriculture,
Poona, May 12, 1947.



Returned with compliments.

Mr. Shama Iyengar's appointment as Professor of Agricultural Chemistry, College of Agriculture, Dharwar, is a temporary measure, and he will be relieved of his present duties as soon as Dr. Narayana, who has applied for reversion to the Agricultural Department, is able to take over from him. It will not be possible for Professor Shama Iyengar to work as Land Improvement Investigator in addition to his own duties, although there seems no objection to Mr. Shama Iyengar assisting Dr. Basu in preparing the Annual Report on the work of the Land Development Research Section.

LAND ACQUISITION ACT, I OF 1894.

Yettingudda, district Dharwar.

No. 4563/45.—Whereas it appears to the Government of Bombay that the lands specified in the schedule hereto are needed for a public purpose, viz. the Agricultural College at Dharwar. It is hereby notified under the provisions of section 4 of the Land Acquisition Act, 1894 (I of 1894), that the said lands are needed for the purpose specified above.

All persons interested in the said lands are hereby warned not to obstruct or interfere with any surveyors or other persons employed upon the said lands for the purpose of the said acquisition. Any contracts for the disposal of the said lands by sale, lease, mortgage, assignment, exchange or otherwise, or any outlay or improvements made therein, without the sanction of the Collector, after the date of this notification will, under section 24 (*seventhly*) of the said Act, be disregarded by the officer assessing compensation for such parts of the said lands as may be finally acquired.

The Government of Bombay is further pleased to direct under sub-section (*4*) of section 17 of the said Act, that, as the acquisition of the said lands is urgently necessary, the provisions of section 5-A of the said Act shall not apply in respect of thee said lands.

No. S/52-Z of 1947. Poona, 7th January, 1947.

Reference Government Resolution, Reconstruction Department, No.1014, dated 26-11-1946, sanctioning the establishment of Agricultural College, Dharwar. The Principal, Agricultural College, Dharwar, has represented to me the necessity for the supply of three 3½ ton chassis and one jeep to the College. The chassis are required for taking the students of the College to the Dharwar Farm, Tegur Farm, Bankapur Farm, etc., in connection with their studies and the jeep is required by the Principal himself for visiting these farms and other places. The Mechanical Cultivation Engineer has got these chassis and jeep required by the Principal surplus to his needs and is agreeable to transferring these from his section to the College. It is proposed to get suitable bodies built for the chassis from the Agricultural Engineer to avoid delay, and the cost on this account will be communicated to Government in due course. I would now request that Government may be moved to sanction the supply of the chassis and the jeep mentioned above from the Mechanical Section to the Agricultural College, Dharwar, and to issue necessary orders in the matter at an early date.

Subject:- Supply of Chassis and jeep to
the Agricultural College, Dharwar.

In requesting reference to this office letter No.B-50 2 of 7th January 1947, I have to state that the 3 Chassis are required to carry the students from the hostel to the Dharwar Farm and the Karnatak College everyday. Till the new site is ready for use, in the first year, the practical classes in Agriculture and Live-Stock will be held on Dharwar Farm. Students will be staying in a hostel from where they shall have to be carried daily for the practical and lecture periods. In addition students shall have to be taken to Bankapur, Tegur and other farms to complete their practical work of Live-Stock and Intensive Agriculture as Dharwar Farm alone will not afford complete facilities for carrying out practical Course in toto.

As regards the Jeep, it is required by the Principal himself for visiting these various Farms and other places.

Under the circumstances stated above, I am asking the Mechanical Cultivation Engineer to transfer the required 3½ ton Chassis and one jeep to the Principal, in anticipation of Government sanction.

It is proposed to get suitable bodies built for the Chassis from the Agricultural Engineer to avoid delay and the cost on this account will be communicated to Government in due course.

My action taken in anticipation of Government sanction may please be approved.

Director of Agriculture.

Dir. of Agre. in his letter of 7th Jan. 1947, ~~xxxxxx~~ sanction may be accorded to the supply to the Agrl. College, Dharwar, of three chassis (three and half ~~xx~~ tons) for taking the students of the College to the farms viz Dharwar, Tegur and Bankapur etc., in connection with their studies and one jeep for the Principal himself for visiting these farms and other places. As the Mech. Engr. to Government is prepared to spare three chassis and one jeep for the College there seems no objection to the transfer of these to the Agrl. College Dharwar, for its use. The Dirs action in asking the M. E. Engr. to hand over them to the Principal in anticipation of your sanction may be allowed.

The proposal to supply three chasis and one jeep for the Agrl. College, Dharwar does not seem to be fully justified. The Dirn may be requested to state the number of students in the Agrl. College for whom the chasis would be required for the purpose of taking them to the farms, etc; whether one, or at the most, two chasis would not economically meet the requirements of the students and whether the Principal cannot use the same chasis as is used by the students without inconvenience, so as to do away with the separate jeep. That Dept. may also please state whether similar arrangements exist in the Agrl. College at Poona, and if so, the details thereof. The question of recovering the non-recurring and recurring cost on account of the arrangement from the students in the form of addl. fees may also be considered.

No. 1014/750-A. Bombay, January 1947.

Reference. your letter, No. S.-50-Z, dated 7th January 1947.

Sanction is accorded to the supply, to the Agricultural College, Dharwar, of three chassis (three and half tons) for taking the students of the college to the Farms viz Dharwar, Tegur and Bankapur, etc., in connection with their studies and one jeep for the Principal, Agricultural College, Dharwar, for visiting these farms and other places. As the Mechanical Cultivation Engineer to Government is prepared to spare the three chassis and one jeep, which are surplus with him, Government has no objection to the transfer of the same from the Mechanical Section to the Agricultural College, Dharwar for its use.

2 Your action in asking the Mech. cultivation Engr. to transfer the Chassis and Jeep in question to the Principal, in anticipation of Govt. sanction, is objected.

Below Government u.o.r. No.1014/750-A of 6-2-1947, Reconstruction Department, Bombay, regarding supply of Chasis and Jeep to Principal, Agricultural College, Dharwar.

No.S-50-Z/5391 of 1947.

Poona, 3-3 February 1947.

Returned with compliments.

2. I have to state in consultation with the Principal, Agricultural College, Poona, that the number of students to be admitted to the College of Agriculture, Dharwar, is 75 and, as these students are required to be taken from their hostel to the Agricultural Farm, Dharwar (a distance of about 3 miles) twice a day, it is necessary to use three trucks, since hardly 25 students can be accommodated in a truck. It is not clear from the Finance Department's noting as to how it has been determined that two trucks will be sufficient. No trucks are used for transport of the students of the College of Agriculture, Poona, as the students reside on the College estate.

3. As regards the jeep given to the Principal, College of Agriculture, Dharwar, for Government work, it may be noted that we have at present three chasis, on which bodies have yet to be built. The trucks will, therefore, not be ready until April 1947. In the meantime, it is most essential that the Principal, Agricultural College, Dharwar, should be provided with a transport as he has to move very frequently between the Agricultural Farm, Dharwar, where the Agricultural College will be located for one year, i.e. until April 1948, and the site at Narendra, where permanent arrangements for establishment of the Agricultural College, are being made, and which the Principal, Agricultural College, Dharwar, is required to visit almost daily in connection with the development of the farm area and the construction of farm buildings. The distance between these two places is about 6 miles. I am afraid that even after the trucks are available, it will still be necessary for the Principal to have a transport at his disposal for his exclusive use, since the trucks will be required for transport of the students and will be in constant use during the day. I propose, therefore, that the jeep may be given to the Principal for his use until May 1948 in the first instance, and he will be instructed to obtain fresh orders of Government, if the eep is still required by him after that date.

4. The favour of very early orders in the matter is equested.

The J.D. in para 2 of this u.o.r of 31/4/47 had queried as to whether any arrangement exists in the Agril. College, Poona, regarding lakay of students staying in hostel ~~from where they shall have~~ to the practical and lecture periods, and if so, the details about the recovering the non-recurring and recurring cost on account of the arrangement, from the students in the form of additional fees. ~~To which~~ We have already replied to Govt., that no trucks are used for transport of the students of the College of Poona, as the students reside on the College estate. Probably, Govt. wishes to have the details about the recovering the non-recurring and recurring cost on account of the arrangement, from the students in form of

of additional fees, so far as it belongs to A.C., Dharwar, as there is no such arrangement in Poona. ~~or is for orders whether this may be sent up to the Principal, A.C., Poona, for immediate remarks and return.~~ As the hostel has now been arranged in some 'Math' (may be roughly defined as a residential place for students) which is but a temporary arrangement, made by Govt.; it does not seem justifiable to charge the students for the facility made, to take the students from the 'Math' to attend the practical & lecture periods. However, The Principal, A.C., Poona, may see U.O. for his immediate remarks and return. He may also give the non recurring & recurring cost that will be involved on a/c of the supply of the buses & their running expenses. 4/3

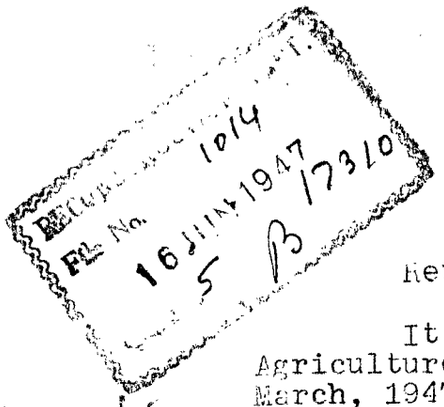
Below U.O.R. dated 19th March, 1947, from the Government in the Reconstruction Department, Bombay, regarding supply of chasis and jeep to the Principal, College of Agriculture, Dharwar.



No. 73-D/4936 of 1947.

College of Agriculture,
Poona, June 14, 1947.

Returned with compliments.

It has already been stated in the Director of Agriculture's endorsement No. S-50-2/5391, dated 3rd March, 1947, that no trucks are required for transport of the students of the Agricultural College, Poona, as these students resiae in the hostels on the College estate. The case of the students of the College of Agriculture, Dharwar, is, however, entirely different. In the first place, the College has been housed in temporary buildings constructed on the Agricultural Farm, Dharwar, and in these circumstances, no hostel accommodation is available for the students at the Agricultural Farm. This accommodation has been provided in a rented building in Dharwar town. The students of the College are required to go to the Agricultural College daily in the morning at 7-30 a.m. for field practicals which last until 11-30 a.m. The students are then transported back to the hostel for their mid-day meal. They go back to the College for lectures and laboratory work which commence at 1 p.m., and are taken back to the hostel at about 6 p.m. There are two points to be noted - (1) the students are required to be transported for their field practicals, etc. to the College at the same time, and accordingly three buses are required to transport about 80 students. It is not possible ~~for one or two buses~~ to transport students in *one* time for their field and practical work. (2) In the absence of suitable transport, the students will be required to do at least 16-18 miles daily, and this physical exertion will be a great strain on the students after their field work from 7-30 a.m. to 11-30 a.m.

two buses in

There is no question of charging the students for the transport facilities provided by Government as the students who generally come from poor or lower middle classes, will find it difficult to bear the additional financial burden. The arrangements for transport are purely temporary, and these facilities will not be required next year when it is proposed to shift the College to its permanent location at Nirandar where adequate hostel accommodation is proposed to be provided for the students.

A statement showing the non-recurrent and recurrent expenditure is enclosed.

Please see Dir.of Agre.'s notes dated 3.3.47 and 14.6.47 in which the necessity for 3 chassis for taking the students of the College to the Dharwar, Tegur and Bankapur Farms etc.and one jeep for the Principal Agrl.College Dharwar,for visiting the farms has been explained. It will be seen from Dir.of Agre.'s letter dated 23.1.47 that the 3 chassis and one jeep have been obtained from the Mechanical Cultivation Engineer in anticipation of Govt.sanction.These transport arrangements(including the one under which the students are not to be charged for the transport facilities)which are ~~estimted~~ estimated to cost Rs.42,002/- as per details shown at page 17 ante, are to remain in force till the College is shifted to its permanent site at Narendra. The orders proposed by the A.R.D. may therefore be accepted.

D.S(F&R)

The Principal should now have an interim G.O. sanctioning the case as he knew that the matter was under examination in F.D. But since it has already been (kept) put with effect the arrangement may be approved. There are however a few points which need further clarification.

i) The provision for recurring expenditure on petrol etc is put at Rs 9000 per year i.e. about Rs 2500 2300 per vehicle. This appears to me to be unduly high. The buses will operate for about 9 months a year and their expenditure come to about Rs 250 per month - while Chevrolet 24 miles per day and 12 miles per gallon

the expenditure should not exceed Rs 150 per month. I would therefore suggest that the item should be reduced to Rs 5000. for the present

(ii) Cars which are not insured and therefore no provision need be made for insurance charges.

(iii) It is seen that the fuel is put at the disposal of the Principal. Proper checks should be provided against misappropriation of the vehicle. Log books should be regularly maintained by the Principal and each month a copy of the log book should be submitted by him to the D/A for scrutiny. Log books for buses should also be regularly maintained

(iv) There seems to be no reason why students should not be charged a nominal amount as far as to cover the operating charges. I would suggest that each student should be charged Rs 5/- per month for the use of buses.

2 As regards point (iv) of the D.S. F.D's. note it may be stated that the bus arrangement has been made, presumably from the commencement of the College term, in anticipation of Govt. sanction. It would not however be fair to charge bus ~~fare~~ fare without previous notice to the students. In case it is proposed to accept the D.F.D's suggestion to charge a nominal fee of Rs.5 p.m. it may be charged with effect from 1st September 1947 and not with retrospective effect.

Item (1). Recurring expenditure.

Assuming that each vehicle will cover an average 24 miles per day for about 9 months in the year, the amount of Rs.5000/- is considered adequate.

Item (II). Wear and tear and Petty repairs.

With an annual mileage of 6500 miles per vehicle, the figure should be approximately as given below:-

Petty repairs at Rs.200/- per vehicle per annum	Rs.	800
Replacement of Tyres, Battery, etc.	"	1700
	"	2500 annually

Depreciation.

The cost of each lorry = 10000 x 3	= 30,000
The cost of one Jeep	4,000
	Rs. 34,000

Having regard to the mileage, a 15% depreciation should be adequate = Rs.5100 per annum.

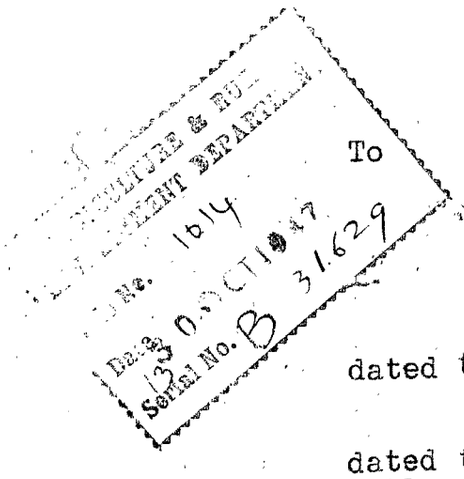
Letter. No. EDN/ 6675 of 1947.

Office of the
Director of Agriculture
(Research & Education),
Bombay Province,

Poona 5, October 27, 1947.



To

The Secretary to Government,
Agriculture & Rural Development Department,
Secretariat, Bombay.

Reference Government letter No. 1014/17310-B, dated the 25th September, 1947.

I enclose a copy of endorsement No. D-5/a/3568, dated the 14th October, 1947, from the Principal, College of Agriculture, Dharwar, forwarding an application from the students of the College of Agriculture, Dharwar, requesting that they may be exempted from the payment of a fee of Rs. 5 per mensem by each student for the use of the three buses maintained by Government, with effect from the 1st September, 1947. The students were under the impression that the transport supplied to them was free of charge, and accordingly, I consider that it will be in the interest of the discipline of the College that the concession of free transport granted to the students, should be continued until the 31st March, 1948. I am to request you to move Government to waive the recovery of Rs. 5 per mensem from each student for the use of the three buses with effect from 1st September, 1947.

Favour of very early orders in the matter is requested.

Director of Agriculture
(Research & Education),
Bombay Province.

VMB/23.

Below application dated 9-10-1947 from the students of the Agricultural College, regarding leavy of transport charges.

Immediate. No. D-5/a/3568 of 1947.

College of Agriculture
Dharwar, 14th October, 1947.

Forwarded with compliments fully supported.

The arguments advanced by students for waiving the transport charges of Rs. 5 per month from 1st September, 1947, ordered by Government, in their letter No. 1014/17310-B of 28th September 1947, and communicated by you under your No. 0/5845 of 5-10-1947, are quite reasonable and deserve sympathetic and generous consideration. The college is situated from 3 to 5 miles from the various parts of the town, and in absence of hostel arrangements on the college estate, and with full time table from 7-30 to 5-15 p.m. with only 2 hours break for lunch, the transport arrangements free of cost by the college, appears absolutely obligatory.

You will bear me out that charges for transport were never contemplated when the college started its sessions on 15th May, with full transport facility. The charges now levied by Government will bear very heavy on most of the students, who have poor financial resources, and some of these are staying as poor students in the Haveri Peth Math Hostel, and such other institutions, which provide free lodging and boarding arrangements.

Students are extremely dis-satisfied and the undersigned would request you to approach Government with a strong case, to waive the transport fees of Rs. 5 per month for students for this year. Students will highly appreciate such a graceful act from Government which also will not cost Government more than Rs. 2,000 to Rs. 2,500.

In conclusion, the undersigned will again request you to move Government to modify their orders, and provide free transport to students this year, and thus earn the gratitude of students with comparatively very little cost.

Sd/- H.M.Desai.

Principal.

With reference to the proposal made by the Dir. of Agre (R & E) to waive the recovery of Rs.5/- p.m. with effect from 1st Sep. 1947 to 31-3-48 from each student for the use of three buses maintained by Govt. for taking the students of the College to the Dharwar, Bankapur, Tegur Farms, etc. please see the proceedings underlying G.L.No.1014/17310-B dt. 25th Sep. 1947, especially D.S.F.D's note para.1(iv) dt. 19th July 1947 and para. 2 of the Asstt. Secy's note dt. 30th July. It was at the suggestion of the D.S., F.D., that the normal charge of Rs.5/-p.m.per student was levied for transport charges for the students of the Dharwar College for visiting the farms. The charges are recovered to cover the running charges of the buses. The College is situated from 3 to 5 miles from the various parts of the town and in absence of hostel arrangement to the College estate ~~furnish~~ and with full time table from 7-30 A.M. to 5-15 P.M., the free transport facility appears to be reasonable. Besides the cost to Govt. will be in the neighbourhood of Rs Rs.2000 to Rs.25,00 which does not seem to be much considering the benefit it will afford to the poor students in these days of high cost of living. The Dir. of Agre's proposal to waive the recovery up to 31-3-48 may therefore be agreed to. If so, the papers may be referred u.o to the F.D. for concurrence. Govt. has already agreed to waive the recoveries upto the end of August 1947

Submitted with reference to the point (iv) raised in D.S.(F.&.R.)'s note dated 19.7.47 underlying G.L.A.&.R.D.D. No.1014/17310-B, dated 25th Septr.1947

3. It has been proposed on these papers to waive the recovery of Rs.5/- p.m. from each student for the use of the three buses with effect from 1st Septr.1947.The following factors merit consideration in this connection:

(1) Since the fee of Rs.5/- was to be charged with effect from 1st Septr.1947 in accordance with G.L.,A.&.R.D.D. No.1014/17310-B,dated 25.9.47, it appears recovery of fees from 1st May till end of August 1947 was waived.

(ii)The students who are to be provided with these transport facilities, generally come from poor or lower middle classes and they find it difficult to bear this addl.financial burden.In fact some of them ~~may~~ stay in hostels which provide free-lodging and boarding arrangements.

(iii)The arrangements for transport are ~~fully~~ purely temporary and those facilities will not be required next year,when it is proposed to shift the College to its permanent location at Nirandar where adequate hostel accommodation is proposed to be provided for the students.

(iv) As against the argument at (iii) above,it may be pointed out in this connection that the poor students,who at present stay in hostels which provide free boarding and lodging, will continue to stay in those hostels,unless free accommodation in Govt.hostels mentioned at 'A' above is secured to them.In that case,they will have to arrange for their transport at their own cost.

3. However,in view of the arguments mentioned at (i) and (ii) above,we may perhaps acquiesce in the A.&.R.D.D. proposal.

~~The A.R.D.D. proposal may be accepted.~~

II.	Office equipment (including library)	25,950
III.	Hostel equipment.	13,000

2. Articles of furniture at I above :- The articles of furniture included in the estimate of expdre. for Rs.27,10/- are the immediate requirements for the use of the staff already appointed and expected to be appointed during the current year. These articles of expdre. do not appear to be excessive when considered in the light of the strength of the sanctioned staff - vide Appendix V to G.R.R.C.D.No.1014 dated 26th Novr. 1946. Besides, the Dir. of Agri. has allowed the Principal College of Agri. Dharwar, to purchase the articles in anticipation of Govt. sanction. F.D. may therefore not object to the articles of furniture being purchased at an estimated cost of Rs.2,710/-.

3. II-Equipment at II above :- It is very difficult to state whether the furniture, (the details of which are given at page 3 ante,) estimated to cost of Rs.25,950 constitutes the minimum requirements of the College, and in the absence of the following information which will have to be furnished by R.C.D. (i) the exact staff appointed and expected to be appointed in connection with the establishment of the Agricultural College at Dharwar; (ii) the distribution of such articles of furniture

members of the staff. The uses to which ~~such~~ ~~articles proposed~~ articles as cupboards, wooden trays, wooden boxes, table racks, file racks etc., will be put to, may also be indicated. Such information will enable us to formulate the exact requirements of the Principal, Govt College Deccan, in this connection.

In formulating the minimum requirements of the College, in the light of the above remarks, the R.C.D. will have to take into account the furniture already sanctioned under item No.I above. R.C.D. may be advised accordingly before this part of the R.C.D. proposal is examined further in F.D.

4. III. Hostel equipment :- It will be seen from the accompaniment to G.R.R.C.D.No.1014 dated 26-11-46 that the hostel which will be constructed can accommodate 180 students. The hostel equipment which is estimated to cost Rs.13,000 is presumably intended for 100 students. The estimate of Rs.13,000 seems reasonable and may be accepted in F.D.

5. F.D. may also agree to the proposal made in para 4 of the ~~foregoing~~ R.C.D. note dated 23-1-47.

6. It will be seen from serial No.(3) in G.R.G.D.No. 2399/33 dt.3-4-44 that the articles manufactured by Govt. departments such as Gaols, and Criminal Tribes Settlements, can be purchased without reference to the Central Stores Purchase Organisation. The statement made at 'A' in ~~G.D.~~ the R.C.D. note dt.23-1-47 on page 5 ante is not correct. The R.C.D. will have to modify para 2 of the draft orders suitably in the light of the foregoing remarks. That deptt. may ~~therefore~~ be advised accordingly.

7. The R.C.D. is requested to point out source to cover the cost involved in the proposals during the current year in due course.

A - In view of para 2 of G.R. No. 1014 dt. 26-11-46 the corresponding para in this may be deleted. It is already stated in the G.R. of 26-11-46 to point out source from which expenditure. Hence it does not seem necessary to do so in this connection.

No.S-153-C(I)/10113 of 1947. Poona 1, 18th April 1947.

Reference Government Letter, Reconstruction Department, No.1014/1913-A of 24.2.1947. I have to state that the details of the staff appointed and expected to be appointed, as desired under item Nos.i & ii of the Government Letter under reference, in connection with the establishment of the Agricultural College, Dharwar, and the distribution of furniture among the same, is shown in the enclosed statement.

2. As regards item (iii) of the Government Letter, I may state that cupboards are required for keeping account records, important paper, stationery forms, important documents such as service books, security bonds, library books, laboratory apparatus, chemicals etc. Wooden trays are required for keeping papers under disposal by each officer and member of the staff. Wooden boxes are required for keeping account records and valuable articles. Table racks will be used for keeping papers and files required for immediate use by each clerk. File racks are required for keeping records and files.

3. Even though all the articles mentioned in the enclosed list are required, the purchase will not be made at once. But they will be purchased according to actual needs. In order to avoid repeated references, I would request that a general approval may please be accorded to the purchase of the articles of furniture.

4. The favour of very early orders of Government in the matter is requested.

Sanction is accorded to the purchase by the Principal, Agrl. College, Dharwar, of the dead stock articles and furniture required for the office and ~~lobrary~~ library of the Agrl. College, Dharwar, as shown in the accompanying list, at a cost not exceeding Rs.41,660. The dead stock articles, and furniture should be purchased from the Yeravda Industrial School, Mundhwa settlement or from any other Govt.-aided Institution. All the articles and furniture should not, however, be purchased at once. They should be purchased according to actual needs.

2. Sanction is also accorded to the supply by the Supdt. G.P.&S., Bombay, of the following articles for the use of the office of the Agrl. College, Dharwar.

6/5/47

Submitted with reference to this office note dated 12.2.47.

2. How the furniture requirements shown at page 3 ante are to be distributed, is indicated in the statement given at page 15 ante. It will be seen from para.1 of Dir.of Agre.'s letter dated 18.4.47 that the distribution of the furniture estimated to cost Rs.38,950/-, the details of which are shown at page 3 ante, is in respect of the staff appointed and expected to be appointed in connection with the establishment of the Agrl.College at Dharwar. We have, however, already agreed to the purchase of furniture requirements shown at 'A' on page 1 ante for the staff, then appointed and the one which was expected to be appointed. The reduction in furniture as shown below, is however possible.

(a) Tables.-For the staff consisting of 42 persons, 44 tables will be required. We have however, already agreed to the purchase of 12 tables shown at page 1 ante at an estimated cost of Rs.840/- Reduction of Rs.840/- on account of 12 tables can therefore be made.

(b) Chairs.-

(i) Principal.-The no.of chairs proposed viz. 7 seems excessive. Requirements of the Principal will be met if we sanction only 5 chairs.

(ii) Special Officer.- The Spl.Officer also may be sanctioned 5 chairs, instead of 7 chairs proposed.

(iii) Professors. It appears that only 4 chairs for every professor will be adequate. The requirements of 5 professors

professors would come to 20 chairs only, resulting in the reduction of 5 chairs.

(iv) Agrl.Assistant.On the basis of three chairs distributed between 2 Agrl.Asstts.the requirements of the 14 Agrl.Asstts. would come to 21 chairs only.Thus a reduction of 3 chairs is possible.

(v) Clerical staff.-It would suffice if 7 chairs only, are sanctioned for 7 clerks; instead of 14 chairs proposed. Reduction of 7 chairs is thus possible.

If the view expressed above as regards reduction in the number of chairs proposed is approved, a total reduction of 19 chairs is possible. Add to this 20 chairs purchase of which has already been agreed to and which do not appear to have been taken into account. The estimated expdre.can thus be reduced by Rs.780/- on account of the fact that the requirements of chairs have been cut down from 111 to ~~92~~ 72 (including 20 chairs reduced).

(c) Benches.-Out of 12 benches proposed, purchase of 6 benches at an estimated cost of Rs.150/- has already been agreed to.The estimated expdre.can therefore be reduced by Rs.150/- on account of the reduction of 6 benches.

(d) Stools.-

(i) Clerical staff.-It is not clear why 14 stools are required for 7 clerks.Only 7 stools,would it appears be adequate,and may be sanctioned.Add to this, 12 stools purchase of which has already been agreed to.The estimated expdre. can therefore be reduced by Rs.190/- in view of the reduction in requirements of stools from 79 to 60.

(e). Cupboards.-

(i) Agrl.Asstts.-It is not clear on what basis 22 cupboards have been proposed for 14 Agrl. Assistants. On the basis of one cupboard for each Agrl.Asstt., it appears 14 cupboards would be adequate and may be sanctioned for Agrl.Asstts.

ii) Clerical staff.- For the clerical staff of 7 persons

adequate, may be sanctioned. instead of 14 proposed

In addition to the above reduction, we can reduce the purchase of 6 cupboards which has already been agreed to. The total reduction of Rs.1680/- on account of the above cupboards can be made from the estimated expdre.

(f) Pigeon holes.- It appears 7 pigeon holes will be adequate for the clerical staff instead of 14 pigeon holes proposed. Add to the above reduction this 6 pigeon holes, the purchase of which has been agreed to already. The estimated expdre. can therefore be reduced by Rs.630/- on account of the reduction of 13 pigeon holes in the total requirements.

(g) Table racks, file racks and Curtain stands.

The total requirements of the above articles of furniture are 20, 15 and 15 respectively. Out of these purchase of 6 table-racks, 4 file-racks and 4 curtain stands has already been agreed to, purchase of 14 table-racks, 11 file-racks and 11 curtain stands in addition would be adequate. The estimated expdre. can therefore be reduced by Rs.360 (Rs.120 + Rs.180 + Rs.60).

(h) Wooden trays.- The requirements of the Professors etc. can be reduced from the requirements proposed to what is shown in pencil at page 15 ante. The requirements of wooden trays thus can be reduced from 116 to 90. Taking into account the purchase of 12 wooden trays already agreed to, the total reduction in the requirements comes to 38 wooden trays at an estimated cost of Rs.190/-.

3. It will thus be seen that a total reduction of Rs.4,840/- can be made on the basis of reduction in the requirements-

requirements of furniture shown in the foregoing para. The proposed estimate of Rs.38,950/- representing all the requirements of the Agrl.College Dharwar can be reduced to Rs.34,[illegible]0/- F.D. may therefore have no objection to the purchase of articles of furniture at an estimated cost of Rs.34,[illegible]0/-.

4. Subject to the foregoing remarks, the orders proposed by the R.C.D. may be agreed to.

3. Govt. has since sanctioned an expdre. of Rs.6254 for [illegible]ing furniture and extending the carpentary and [illegible]y shed at the Agrl. College, Dharwar. The furniture is mainly intended for the College laboratories and is is to be purchased from local prisons, Criminal Tribes Settlements and such other Institutions as receive a Govt.grant. In view of this, it may not be necy. to purchase some of the furniture mentioned in the list at p.15. The Dir. of Agre.(Research and Education) may be requested u.o. to report very urgently what reduction is necy.in this connection. The Dir. may also be requested u.o. to favour Govt. with his remarks on the various points raised in the F.D.note and to justify the furniture proposed by the Dir. of Agre. for the Agrl.College, Dharwar in the light of the remarks contained in the F.D.note and also to furnish the information asked for by A.S., F.D., in his marginal note on p.23.

4. It is presumed that the articles men-tioned at A on p.1 have already been purchased. The Dir. may be requested u.o. to state whether this presumption is correct. The Director may also be requested u.o. to submit a revised list to Govt. if necy., after

Note by the Chief Engineer, Roads and Buildings, dated the 17th March 1947, on the plans and estimates for the work of construction of the New Agricultural College, Dharwar.

Plan and estimate for 'carrying out Additions and Alterations to the Cotton Breeder's Laboratory in Dharwar Farm':-

(i) In item No.5 of the estimate, quantities of brick masonry of short walls have been wrongly worked out which should be as shown in pencil in the measurement sheets.

(ii) Item No.7 of the estimate provides for 3'x4' windows while on the plan some of the windows have been marked as 2'x3'. The plan should be corrected as required.

2. Plan and estimate for 'constructing a kitchen blo for the Inspection Bungalow at Dharwar Farm:-

(i) Item No.10 of the estimate provides for barge boards only on the sides of the front sloping portion of the roof. Provision for barge boards on the sides of the rear sloping portion has remained to be made.

(ii) In the X-secion A-B of the building, the front wall will be seen in section and the pillar in it in elevation. The drawing should be corrected accordingly.

(iii) The position of the sink and chulla should be shown on the plan

3. Estimate amounting to Rs.6,254/- for 'carrying out Additions and Alterations to the buildings in Dharwar Farm for the use of Agricultural College, Dharwar.

(i) The general description on the estimate does not give a correct idea of the provisions made in the estimate. The estimate provides also for furniture required for the use of the College laboratories. This should be mentioned in the General Description.

=====

Submitted with ref.to the foregoing notes. The Dir.of Agre.(R.& E.) has agreed to the reduction in furniture proposed by the F.D. in its note,dated the 28th May 1947. This will reduce the original estimate of Rs.41,660/- to Rs.36,820/-. The Dir.of Agre.(R.& E.) has however requested that as the no. of students in the hostel in 1948-49 will be 120 provision of furniture for this no.of students may be made. The Dir's statement that in the original statement provision for only 80 students is made is not correct. The estimate at p.3 ante will show that provision of furniture has been made for 100 students. Provision for 20 students more will have therefore to be made. This will increase the estimate of Rs.13,000/- by Rs.2,600/- and the total estimate will amount to Rs.39,420/-.The necy. corrections will be made in the draft at p.18 ante after the F.D. has agreed to the revised proposals.

Submitted with ref. to the foregoing notes. The whole case has become a jumble and is un-necessarily dragging on for a long time. In this Deptt. office note, dated 9-6-47, the Dir. of Agre. (R.& E.) was asked to submit a revised list of articles of furniture actually required by him for the Dharwar College after taking into consideration the furniture purchased for the College laboratories out of the allotment of Rs.6,254/- sanctioned in G.L. No.1014/8062-A, dated the 16th May 1947 and the articles mentioned at A on page 1 ante which have already been purchased. He was also asked to furnish information on the various points raised by the A.S., F.D. in his mariginal note on page 23 ante. Instead of doing this he has simply accepted the reduction in furniture proposed in the F.D. note without submitting a revised list or making any remarks on the various points raised in the A.S.F.D's note. In this office note, dated 30-10-47 it was proposed on the basis of the F.D. note to accept the reduced estimate of Rs.34,110/- and it was also proposed to sanction furniture for 20 hostel students more which was estimated to cost Rs.2,600/-. It was thus proposed to sanction purchase of furniture at an estimated cost of Rs.39,420/- including the furniture of Rs.2,710 already purchased in consultation with F.D. The F.D. has however again returned the papers for considering the points referred to in the A.S.(F.D.)'s note at p.23 through the A.S.F.D. has agreed in the meanwhile to purchase the furniture agreed to by the F.D. Unless however the Dir. of Agre. has furnished information on the points raised by the A.S. F.D. in his marginal notes it is not possible to estimate the reduction in the total expenditure. Before, therefore, requisite orders are issued the Dir. of Agre. may again see these pps. with a view to furnish the requisite information required by the A.S., F.D. and -

and also to furnish an up to date list of furniture required for the Dharwar College together with the estimated cost after taking into consideration 'A' above. He may be requested to treat this reference as very urgent and return the papers to Govt with his remarks as early as possible.

AGRICULTURE & RURAL DEVELOPMENT DEPARTMENT
File No. 1014
Date 3 JAN 1948
Serial No. B 153

Returned with compliments.

2. Sanction of an allotment of Rs.6,254/- for providing furniture etc., vide Government letter, No.1014/8062-A, dated the 16th May, 1947, was in respect of furniture for laboratory only, such as laboratory tables, stools for students, wall shelves etc. The furniture given in the statement on page 15 for the use of the Principal's Office and the different sections of the College. Accordingly, the question of reduction in the office furniture because of the allotment of Rs.6,254 does not arise. This furniture is now included in the revised list.

3. A revised list showing the actual requirements of furniture for the College of Agriculture, Dharwar, is enclosed for reference as desired.

4. Information on points mentioned in the marginal notes by the Assistant Secretary, Finance Department, is furnished in the revised list under columns Nos. 7 and 8 against respective items.

5. As regards provision of tables, chairs, book-shelves and iron cots required for the use of College hostel, a provision for additional 40 students (i.e. of 120 students of the first and second year classes) has now been included in the revised list. In the original list of furniture, provision for only 80 students was made, vide distribution list of furniture on page 15.

6. A statement showing the estimated cost of the articles mentioned in the revised list, is also enclosed.

7. As the matter is pending for a very long time, almost about a year, and as the furniture is required immediately for the College of Agriculture, Dharwar, favour of immediate orders is solicited.

Director of Agriculture.

Revised list showing articles of furnitu)actually required for the Agr)ultural College at Dharwar, after taking into consideration (the furniture purchased for college laboratories out of the allotment of Rs 6254/- sanctioned in Government Letter No.1014/8062-A dated 16-5-1947), the articles (Statement A, page 1) already purchased and furnishing information on various points raised by Assistant Secretary, Finance Department in his marginal notes on page 23.

Chairs	225	206	(b) (i)to (v) 5 for Professors	Reduction, 2 for Principal, 2 for Special Officer, 3 for Agricul--tural Assistants and 7 for clerks, is proposed.	The Prirc ipal explains that he has to call the meeting of all Professors and the Professors in turn have to call the meeting of all their staff and also of the students' Committee, very often. Accordingly the estimate of chairs proposed were based on these con--siderations and the number propo--sed was considered quite essential For example, there are 6 Professors in the college, and the requirements of the Principal for chairs was based on these members. As for the reduction of such extra chairs pro--vided for the office, the proposal amounts to providing ~~220~~ no chairs for visitors in the office. There are many such visitors in the college office, and all these [illegible] have to stand in the office if no extra chairs for the office are provided. Extra chairs provided were for the whole office use and visitors and are considered necessary.	The Director of Agriculture, agrees with the cut made by Government, and recommends the quantity retain--ed by them for supply. 19 chairs may be reduced.	These rem hold good case of a --cles at 1, 2, 3, 6, 7, 8, 10.
Benches	60	60	(c)	-nil-	-nil-	-nil-	
Stools	100	93	(d)	Reduction of 7 stools for clerks is proposed	The Principal explains that stools are required by the clerks for keep--ing his two trays one for incoming papers and the other for outgoing papers. Two stools per clerk will be quite essential as there is no sufficient place to keep these trays on their tables. These are necess--ary and may be provided.	The Director of Agriculture agrees with the views of Government and re--commends the re--duction of 7 stools in the case of clerks as pointed out.	
Cupboards	80	65	(e) (i)(ii)	Reduction of 15 cupboards, 8 for Agricultural Assistants, 7 for clerks is propo--sed, as it is thought that they are excessive. Finance Department thinks that the library cupboards are also more.	The Principal explains that cupboards provided for Agricultural Assistants would be very small in size, and of ordinary type, and are meant for the section as a whole for storing field records, experimental records and other material. This is the minimum requirement, and may please be pro--vided. As regards cupboards proposed for clerks they are meant for Principal's office and will be required for sto--ring stationery of the college, forms and other store material. Important records, such as cash books, vouchers and registers and other important do--cuments with each clerk will have to be kept under safe custody and accord--ingly the cupboards are essential. As regards library cupboards, it is reported by the Principal that thousands of books and journals are going to be received for the college library, and he thinks that more will be required, depending on the availa--bility of books. The number propo--sed is minimum and may be provided. A separate cupboard for the Librarian is necessary for keeping his registers and other library records.	The Director of Agriculture agrees with the cut made by Government, and recommends the supply of 65 cupboards only for the present.

The Director of Agriculture agrees with the views of Govern-ment and recommends a reduction of 7 pigeon holes.	
7	Table racks	20	20	(g)	Full justification is necessary for providing to clerks.	The Principal states that these are mainly provided to clerks as they have to keep important files pertaining to their work, that are required for ready reference on their table only.	The Director of Agriculture agrees with the remarks of the Principal and recommends full supply. These are supplied to clerks in other offices also.

The Principal explains that at least 2 trays per table are quite ~~x~~ ne-cessary in case of all staff except the Professors and Principal and clerks who would require a few more as they have to deal with more pap-ers. The Principal has no objection in having cane trays if they are cheaper.	The Director of Agriculture agrees with views of Government and recommends the supply of 94 trays only.

2. The Dir. of Agri. has submitted a revised list of furniture after taking into account the reductions suggested by the Fin. Deptt. According to ~~the~~ this list sanction will have to be accorded to the purchase of furniture at an estimated cost of Rs. 40,470(Rs.3130 on account of the furniture already purchased by the Dir.in anticipation of Govt. sanction plus -- Rs.37,340 for the furniture to be purchased in future according to actual requirements It is stated that as the allotment of ~~Rs.~~ Rs. 6250 sanctioned in G.L. No.1014/8062 dt. 16-5-47 was in respect of furniture for the laboratory only the question of reduction in the office furniture proposed to be purchased now does not arise. It has been pointed out that in the original list of furniture at page 15 ante provision was made only for 80 students in College hostel. In the revised list provision has been made for addl. 40 students as there will be about 120 students in the College hostel during 1948-49. The addl. provision proposed by the Dir. may be accepted.

2. The accompanying letter and endt. may issue after u.o.r. to F.D. As the furniture is required for the Dharwar College immediately, the F.D. may be requested to treat this reference as "Very urgent".

The Principal, College of Agriculture, Dharwar, has stated that the furniture prepared locally is of a very poor quality and costly as good seasoned wood is not available. He has, therefore, requested me to arrange to get 2,500 c.ft. of seasoned wood of good quality for preparing the furniture required for the College of Agriculture, Dharwar, from the Forest Department.

In the circumstances, I am to request you to move Government to issue instructions to the Divisional Forest Officer, Dharwar, to reserve 2,500 c.ft. of seasoned wood of good quality for preparing furniture for the College of Agriculture, Dharwar, as early as possible.

The favour of very early orders of Government is requested. The Principal, College of Agriculture, Dharwar is pressing in the matter.

for Director of Agriculture

Please see G.L. No.1014/153-B, dated the 30th Jan.,1948, in which sanction is accorded to the purchase by the Principal, Agrl. College, Dharwar, of the dead stock articles and furniture required for the office and library of the Agrl. College, Dharwar, at a cost not exceeding Rs.40,470. It was also directed that the furniture should be purchased from the Yeravda Industrial School, Mundhwa Settlement or from any Govt.-aided Institution. The Dir. has made no mention of the above orders in his present proposal to reserve 25,00/ c.ft. of seasoned wood of good quality for preparing the furniture required for the College. It appears that the Dir. has lost sight of the orders already issued, and intends to get the furniture prepared departmentally. If so he may perhaps be requested u.o. to state whether it is not possible to purchase the furniture of good quality from the Yeravada Industrial School etc.and whether he still considers it necessary that orders for reserving the requisite quantity of seasoned wood of good quality should be issued to the Forest Deptt.

2. The proposal to reserve 2500 C.ft. of seasoned wood of good quality, for preparing the furniture required for the College of Agriculture, Dharwar, from the Forest Department was submitted to Government before the Government letter No.1014-153-B, dated the 30th January, 1948 was received in this office.

3. According to the instruction contained in Government letter dated the 30th January, 1948, the Principal, College of Agriculture, Dharwar, has already written to the Yeravda Industrial School, Yeravda, the Mundhwa Settlement, Mundhwa, and some other Institutions in respect of the supply of the furniture and has also called for their quotations. It is therefore not necessary to issue orders to the Forest Department for reserving the requisite quantity of seasoned wood for the present pending receipt of replies from the Yeravda Industrial School and other Institutions.

4. As however, it will not be possible to purchase the furniture before the end of the current financial year, the amount of Rs.40,470/- sanctioned by Government in their above quoted letter, cannot be utilized, and the same is being surrendered.

Ref. your letter, No.Edn/2600, dated the 27th Feby.,1948.

Two typewriters required for the Agrl. College, Dharwar, have been included in the consolidated indent forwarded to the Controller of Printing and Stationery, India. Further communication in the matter will be made to you on receipt of a reply from that Officer.

2. It is presumed that as instructed by Govt. the Supdt., Govt. Printing and Stationery, has made arrangements to supply one typewriter on loan to the Principal, Agrl. College, Dharwar, pending supply of two typewriters sanctioned for the College.

1. Submitted with ref. to the office note, dated the 20th March, 1948.

2. It is clear from the H. & L.G. Deptt. note, dated 30th April, 1948, that out of the two typewriters sanctioned for the Dharwar College one Underwood Portable typewriter has already been received by the Principal. As regards the Remington typewriter the Principal has furnished the necessary information to the H. & L.G.Deptt. and it is being supplied by that Deptt. to the Controller of Printing & Stationery, India. The Remington typewriter will presumably be supplied to the Principal in due course.

3. It does not seem necessary now to get the presumption made in para 3 of the office note, dated the 20th March 1948, confirmed by the Superintendent, Government Printing & Stationery, Bombay. I enclose a copy of letter No. S.25/A, dated the 1st May, 1948, from the Surgeon General with the Government of Bombay, to the Secretary to Government, Health and Local Government Department, regarding the reversion of Dr. N.Narayana to the Agricultural Department. It is proposed to appoint Dr. Narayana, on reversion, to the post of Professor of Agricultural Chemistry, College of Agriculture, Dharwar, but, as the College session will commence from the 15th May, 1948, it is necessary to make arrangements for filling up the vacancy of the Professor of Agricultural Chemistry at the College of Agriculture, Dharwar. I propose that Mr. M.M.Kibe, Biochemist in the scheme for research and extension work on rice in Bombay Province, may be appointed temporarily to the post of Professor of Agricultural Chemistry, College of Agriculture, Dharwar, until the reversion to the Agricultural Department of Dr. N.Narayana. As it is necessary that Mr. Kibe should join his appointment at Dharwar on the 18th May, 1948, at the latest, I am instructing him to report at Dharwar. I am now to request you to move Government to sanction the appointment of Mr. M.M.Kibe as Professor of Agricultural Chemistry, College of Agriculture, Dharwar, and approve my action of having instructed Mr. Kibe to join his duty at Dharwar in anticipation of the formal approval of Government.

In continuation of this office letter No.S.25/A dated 9-4-1948, I forward for the information of Government copies of the D.O.correspondence between me and Dr.B.N.Uppal, M.B.E., Ph.D.,(Iowa, U.S.A.), F.N.I., Director of Agriculture (Research and Education) and Principal, Agricultural College, Poona and request that Government may be pleased to issue immediate orders appointing another candidate as Lecturer in Biochemistry at the B.J.Medical College, Ahmedabad, to enable this Department to relieve Dr. N.Narayan of the Agricultural Department to join his appointment at the College of Agriculture, Dharwar, in the first week of May. In this connexion I invite a reference to my U.O.R.No.S.25/6512/A, dated 9-4-1948 and suggest for the approval of Government, that Mr.M.C. Muthanna, may be appointed as Lecturer in Biochemistry, B.J. Medical College, Ahmedabad, on such terms as regards his initial pay etc., as are permissible according to the general orders of Government in Government Resolution, Political and Services Department, No.1868/46, dated 5-1-1948. According to these orders, Mr.Muthanna will be eligible, I think, to an initial pay of Rs.400/- in the sanctioned scale of Rs.400-30-700 for the post of Lecturer in Biochemistry and such other allowances if any as are admissible to the incumbent of the post unless he makes out later a higher starting pay than that proposed by me above.

vsc/14.

It has been decided that Dr.N.Narayana, Asstt.Prof. of Chemistry, Agrl.College,Poona at present working as Lecturer in Biochemistry B.J.Medical College, A'bad should on reversion be appointed to the post of Prof.of Agrl. Chemistry in Class I of the B.A.S. at the College of Agre. Dharwar. As however there was no immediate chance of Dr.Narayana reverting to the Agrl.Deptt. Mr.Shama Iyengar, Land Improvement Investigator under the Soil Physicist to Govt. was appointed to officiate as Prof.of Agrl. Chemistry at the Agrl.College Dharwar in Class II of the B.A.S., pending release of Dr.Narayana by the Medical Deptt. (vide G.Rs. No.1014 dated the 7th May, 6th Oct., 25th Novr.,1947 and 9th April,1948). Mr.Shama Iyengar's services were however badly needed by the Land Improvement Deptt. and, therefore, he was relieved of the duties of Prof.of Agrl.Chemistry,Agrl.College,Dharwar on the 8th April,1948 in order to enable him to join his original appointment in the L.I. Deptt. As the College was closed on account summer vacation he handed over charge to the Principal of the College.

2. The College Session commenced on 15th May 1948 but Dr.Narayana has not yet been relieved by the Medical Deptt., in spite of repeated reminders from this Deptt. As it is now absolutely necessary to appoint some suitable officer to the post of Prof. of Agrl.Chemistry at Dharwar College so that the teaching work may not suffer, the Dir. proposes that Mr. M.M.Kibe, Biochemist in the scheme for research and extension on rice in Bombay Province, may be appointed to the post of Prof. of...

of Agri.Chemistry, pending reversion of Dr.Narayana to the Agrl.Deptt. As it was necessary that Mr.Kibe should join his appointment at Dharwar on the 18th May,1948, at the latest, the Dir. instructed him to report at Dharwar, in anticipation of Govt. sanction to his proposal.

3. As proposed by the Dir.of Agre. Mr.Kibe may be like Mr.Shama Iyengar appointed to officiate as Prof.of Agrl.Chemistry at the Agrl. College, Dharwar in Class II of the B.A.S. in the scale of Rs.170-10-250 E.B.-15-400-E.B.-20-500 pending release of Dr.N.Narayana by the Medica Deptt. It does not seem necessary to consult the P.S.C. regarding Mr.Kibe's appointment as it is purely temporary and is of very short duration. The H.& L.G.Deptt. has agreed to relieve Dr.N.Narayan as soon as possible.That Deptt. has been separately requested to state the latest position regarding Dr.Narayana's release from the Medical Deptt.

4. The accompanying G.R. and notification may issue after u.o.r. to P.& S.D. and F.D. The notification will issue from P.& S.D.

nderlying it.

2. Dr. N.Narayana was relieved of his
uties in the Medical Department in the
fternoon of the 31st May,1948 and was
nstructed by the Director of Agriculture to
ake over ~~the~~ charge of the post of ~~a~~ Professor
of Agricultural Chemistry Agricultural College,
Dharwar from Mr.M.M.Kibe. It will be seen from the charge
report submitted by the Director that
Dr. Narayana took over from Mr. Kibe on the
forenoon of the 7th June 1948, The Director
of Agriculture now requests the sanction of
Government -

(i) to the appointment of Dr.Narayana to
to the post of Professor of Agri.Chemistry
at the Agricultural College, Dharwar,
and
to the reappointment of Mr. M.M.Kibe
to the post of Bio-Chemist in the
scheme for research and extension work
on rice in Bombay Province.

3. As regards (i), the post of Professor
of Agricultural Chemistry at the Agricultural
College, Dharwar, is a temporary post in
Class II of the B.A.S. and not Class I of the
B.A.S. as was inadvertently mentioned in para
1 of the office note, dated the 21st May,1948.
Dr. Narayana is a substantive holder of the
post of Asstt. Prof. of Chemistry, Agricultural
College, Poona, in Class II of the B.A.S.
His appointment as Professor of Agricultural
Chemistry Agricultural College, Dharwar, in
Class II of the B.A.S. does not, therefore,
involve any promotion. As it is a transfer

from one post to another in the same class of service, it will not be necessary to consult the Public Service Commission. The only question on which the orders of Government will be necessary now is regarding the starting pay to be given to Dr. Narayana on his appointment to the temporary Class II post of Professor of Agricultural Chemistry, Agricultural College, Dharwar. It was in November 1946 that Sir W.Jenkins, the then Agricultural Commr. and Addl. Secy., R.C.D., suggested that Dr. Narayana, who was then on deputation to the Medical Department, should be appointed to the Class II post of Prof. of Agrl. Chemistry, Agricultural College, Dharwar. His suggestion was accepted by H.M.(Agri.) as the Agrl. Deptt could ill afford to lose one of its own graduates for an important post of a Professor in the Agrl. Deptt. in order to enable a Lecturer's post in another department to be held by the man with specialised agrl. training. Dr. Narayana's pay in Class II of the B.A.S. in 1946 was ~~Rx4~~ Rs.370 p.m. as against that of Rs.400 p.m. as Lecturer in Bio-Chemistry, B.S. Medical College, Poona, in the General Provincial Service in the scale of Rs.400-30-700. As Dr. N. would be a loser by his reversion to the Agrl. Deptt. Sir W.Jenkins had remarked to the effect that the starting pay in class II of the B.A.S. to be given to Dr. N. on appointment as Prof. of Agrl. Chemistry would require consideration. As Dr. N. has since reverted to the Agrl. Deptt. it will be necessary to consider the question of the starting pay to be given to him. Dr. N.'s pay in the Medical Department on the 1st Jan.1948 was Rs.430 and presumably the post of Lecturer

appointment to it. If so, on appointment to the the post of Prof. of Agr. Chemistry Agrl. College, Dharwar, Dr. Narayana will be eligible to a starting pay of Rs.440 in the B.A.S class II scale of Rs.170-10-250-E.B. 15-400-E.B.-20-500.

4. As regards (ii) in paragraph 2 above re: reappointment of Mr. M.M.Kibe, Mr. Kibe held the ~~post~~ class II. post of Biochemist in the scheme for research and extension work on rice in the Bombay Province prior to his appointment as Professor of Agr. Chemistry, Agricultural College, Dharwar. He may therefore be ~~formally~~ reappointed to the latter post from the date he was relieved by Dr.Narayana, i.e, from 7th June,1948. It may not however be necessary to notify his reappointment.

5. The P. & S.D. and F.D. may see u.o. before issue of orders.

These pps. have been referred to this Deptt with reference to para 3 of the A.& R.D.D. note dated 6-7-1948 to which attention is solicited.

Dr. Narayan is a substantive holder of the post of Asstt. Professor of Chemistry, Agril. College, Poona in class II of the B.A.S. He was drawing a pay of Rs.370 in 1946 when he was sent on deputation to Medical Deptt. as lecturer in Bio-chemistry, B.J. Medical College Poona on Rs.400 in the pay scale of Rs.400-30-700 where he remained upto 31st May 1948. It is now proposed to appoint him to the temporary class II post of professor of Agril. Chemistry, Agril. College, Dharwar and to sanction a higher starting pay of Rs.440 in the B.A.S. class II scale of Rs.170-10--250-E.B.-15-400-20-500 on the basis of his last pay viz. 430/- drawn by him in the post of lecturer in B.J. Medical College, Poona.

It is pertinent to point out at the outset that the post of lecturer in B.J. Medical College Poona is not a permanent post as presumed by A.& R.D.D. in asmuch as it is sanctioned in connection with revised five year plan of post-war Reconstruction in Bombay Province - vide P.W.R. scheme ~~Xxx166~~ No.116 in P.W.R. Revised Five Year Plan Book. The A.& R.D.D. proposal in these pps. is therefore tantamount to officiating pay (in a temporary post in a different Deptt.) being treated as if it were substantive pay for purposes of the rules. This is obviously inadmissible. Moreover it can be seen that Dr. N. does not suffer any monetary loss in the sense that his substantive pay is reduced, and no monetary loss is recognised by the rules excepting loss in substantive pay.

Dr. Narayan will, however, be entitled to that pay in B.A.S. class II which he would have drawn in the normal course had he not been sent on deputation. His pay should be fixed at that stage in his new appointment (temporary class II post of professor of Agril. Chemistry, Agril. College, Dharwar). The A.& R.D.D. may be informed accordingly.

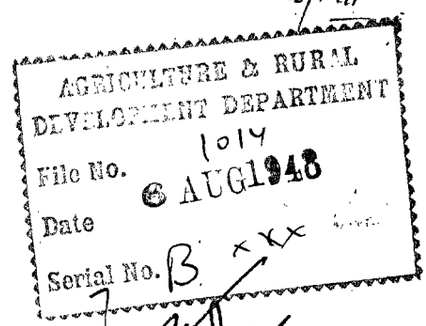
x Note File no. 1014/-III



A.& R.D.D.
(No.1014/19503-B.)

Submitted with ref.to the office note,dated the 6th July,1948.

2. The grant to Dr.N.Narayana of a higher starting pay of Rs.440 in the scale of Rs.170-50(was suggested by this Deptt. on the assumption that the post of Lecturer Bio-Chemistry,B.J. Medical College,Poona in the Genl.Provincial service in the scale of Rs.400-30-700 which Dr.Narayana held before his reversion to the Agrl.Deptt. was a permanent post. As the post of lecturer in Bio-chemistry is not a permanent post the Fin.Deptt. does not agree to the grant to Dr.Narayan higher starting pay of Rs.440 in the B.A.S. Class II Scale of Rs.170-500 on his appointment as Prof.of Agrl.Chemistry at the Agrl.College,Dharwar. The F.D. advises that Dr. N. on appointment to the post of Prof.of Agrl.Chemistry be allowed to draw the pay he would have drawn in the normal course had he not been sent on deputation to the Medical Deptt.The advice given by the F.D. may be accepted.

3. In view of para 3 of the P.& S.D. note,dated the 13th July,1948, it appears necessary to notify the reappointment of Mr.M.M.Kibe to the post of Biochemist in the scheme for research and extension work on rice in Bombay Province from the date he was relieved by Dr.Narayana, i.e from the 7th June,1948.

4. The necessary draft G.R. and notification regarding Dr.Narayana's apptt. to the post of Prof.of Agrl.Chemistry at the Agrl.College, Dharwar, and Mr.Kibe's reappointment to the post of Biochemist in the scheme for research and extension work on rice in the B.P. are put up for approval. The notification will issue from

Read Government Resolution, No.1014, dated the 1st June, 1948.

Letter from the Director of Agriculture, No.Est/S-50-2, dated the 2nd June, 1948 :-

"Reference this office letter No.Est/Edn/S-50-Z/7782, dated the 14th May, 1948, regarding the appointment of Mr. M.M.Kibe as Professor of Agricultural Chemistry, College of Agriculture, Dharwar.

I enclose a copy of letter No.1741, dated the 31st May, 1948, from the Principal, B.J.Medical College, Poona, regarding the reversion of Dr. N.Narayana to the Agricultural Department. I have instructed Dr. Narayana to take over charge of the post of Professor of Agricultural Chemistry, College of Agriculture, Dharwar, from Mr. M.M.Kibe. I am now to request you to move Government to accord sanction to my proposal regarding the appointment of Dr. Naravana as Professor of Agricultural Chemistry, College of Agriculture, Dharwar, from the date on which he takes over charge of this post from Mr. Kibe.

Mr. Kibe may, on relief by Dr. N.Narayana, be re-appointed to the post of Bio-Chemist in the scheme for research and extension work on rice in Bombay Province.

Favour of early orders of Government in the matter is requested."

Resolution :- Government is pleased to direct that on his reversion from the Medical Department, Dr.N.Narayana should be appointed to the post of Professor of Agricultural Chemistry, at the Agricultural College, Dharwar, in Class II of the Bombay Agricultural Service, in the revised scale of Rs.220-15-400-E.B.-20-500-E.B.-25-650, from the date on which he took over charge of the post from Mr. M.M.Kibe, i.e. 7th June, 1948.

2. Mr. M.M.Kibe on relief by Dr. Narayana, should be reappointed to the post of Bio-chemist in the Scheme for Research and Extension work on rice, in the Bombay Province in Class II of the Bombay Agricultural Service.
